JOB OFFERS

Our **human-sized team** operates independently with certain clients and acts as an expert in control command for international projects managed by the VINCI Energies group.

Our team is composed of **talents with strong technical expertise**: project engineers, business managers, experts and business development managers in our technical field.

We recruit **several profiles**, young graduates as well as experienced women and men.

Actually we want to hire a business manager to join our site in Gosselies (Charleroi).

To obtain information on this position, we invite you to contact us through our form included in the "[Contact](#)".

You can also send us your spontaneous application, we will reply as soon as possible.
